

## Lithofin TC Ever-Sheen

### Description

A special product from the LITHOFIN-Range for Terracotta (TC). Lithofin TC Ever-Sheen is a solvent free protective care treatment based on water soluble natural waxes and polymers.

### Properties

Lithofin TC Ever-Sheen forms a shining protective film that enhances the appearance, slightly intensifies the colour and reinforces the effectiveness of the original protective treatment. Surfaces become more vibrant in colour. Polishing will further increase the lustre.

#### Technical Data

Density: approx. 1.0 g/cm<sup>3</sup>

pH-Value: approx. 9

Flash Point: n.a.

Appearance: milky

Odour: fresh

Solubility in Water: very good

### Field of Use

For occasional touching up of waxed terracotta, cotto, terres cuites, etc. Only suitable for indoor use.

Also suitable for pre-treated tiles.

Durability: depends on the level of wear to which the surface is subjected. Lithofin TC Ever-Sheen can be reapplied when the effectiveness begins to diminish.

### Directions for Use

Only apply to dry surfaces. For touching up, simply use Lithofin TC Ever-Sheen (approx. ¼ litre per 5 litres of water) instead of the regular cleaning agent. On dull surfaces, apply undiluted using a sponge or a lambs wool applicator. After drying, polish either by hand or using a polishing machine. At least two coats are needed on untreated terracotta. Allow the product to dry for 30 to 60 minutes between applications.

Please Note: do not walk on surface until dry.

Drying Time: 30 to 40 minutes.

Coverage: approx. 200 m<sup>2</sup> per litre when used in cleaning water, approx. 20 m<sup>2</sup> is used undiluted.

### Storage

Closed, cool and frost free. Shelf life of up to 4 years.

### Advice

Terracotta should be cleaned regularly.

Lithofin EASY-CARE is highly suitable as an additive to the washing water.

### Environmental Protection

The contained surfactants are biologically degradable according to EU-regulations. Does not contain any phosphates.

Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection system.

### Safety

Contents: non-ionic surfactants; acrylates; polymers; auxiliary agents.

General Information: Keep out of reach of children. No health concerns once dry.

First Aid Procedures: remove contaminated soaked clothing immediately. No special measure necessary. In case of contact with skin wash off immediately with soap and water. In case of contact with eyes rinse thoroughly with plenty of water and seek medical advice. In case of ingestion, do not induce vomiting. If swallowed by mistake drink plenty of water and seek medical treatment.

Emergency Procedures: in case of spill or other release, take up with absorbent material (e.g. sand, sawdust, general-purpose binder).

In case of fire formation of dangerous gases possible. Product does not burn, fire-extinguishing activities according to surrounding.

Additional Information is listed on the Material Safety Data Sheet.

ADR2003: not a dangerous good.

### Packaging

1 litre bottle with child-proof cap (10 per box)

5 litre canister (2 per box)

Please Note: statements concerning environmental and safety issues refer to the product as delivered (concentrated).

This information should be considered to be informal and non-binding.

The products must be used according to local conditions and materials.

Where no previous experience is available, or in cases of doubt, test the product in an inconspicuous area. (GB12.05gps/8.03)
