

Lithofin MN Power-Clean

Description

A special product from the LITHOFIN-Range for marble, natural and engineered stone (MN). Lithofin MN Power-Clean is a mildly alkaline product, which contains a balanced mixture of cleaning components which guarantee optimal performance.

Technical Data:

Density: approx. 1,0 g/cm³

Appearance: liquid, colourless, clear

Odour: pleasant

pH-Value: approx. 10

Flash Point: n.a.

Solubility in Water: complete

Properties

This special cleaner is nearly odourless and highly economic. Lithofin MN Power-Clean removes grease and oil, all kinds of general and ingrained dirt as well as floor polish residues, old acrylic emulsions, care products, etc.

Field of Use

For thoroughly cleaning used or exceptionally dirty natural stone surfaces and for initially cleaning newly laid surfaces. Suitable for use on polished, finely honed and rough marble and other natural stones. Facilitates removing cement residues from polished marble. Suitable for indoor and outdoor use.

Directions for Use

Apply and evenly distribute Lithofin MN Power-Clean as supplied or diluted up to 1:5 depending on the nature of the dirt. Allow the product to work for 10 to 20 minutes; brush occasionally. Do not allow to dry, add water if necessary. Brush again before wiping up. On large areas, use a squeegee to remove the product. Wash the surface thoroughly with clean water. If the result is not satisfying, repeat allowing the product to work longer and brushing more vigorously. Please Note: avoid splashes on sensitive areas such as metal or wood, painted or varnished surfaces, wall paper, etc. We highly recommend trying the product in an inconspicuous area prior to use.

Coverage:

as supplied: approx. 5 to 10m² depending on dirt
diluted: up to 30m²

Advice: for removing wax layers and the like, we recommend Lithofin WAX-OFF. For cement residues and rust discolourations on granite and gneiss, use Lithofin MN Builder's Clean.

Storage

Keep closed, cool and dry. Not above 25°C.
Shelf life of up to three years.

Environmental Protection

Surfactants are biologically degradable in accordance with EU-regulations. Free of phosphates. Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection systems.

Safety

Contents: non-ionic surfactant; solubilizer; auxiliary agents.

Risk and Safety Phrases: irritating to eyes. Keep out of the reach of children. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, seek medical advice immediately and show container or label.

First Aid Procedures: in case of inhalation ensure fresh air. In case of contact with skin wash off immediately with soap and water. In case of contact with eyes rinse thoroughly with plenty of water and seek medical advice. Do not induce vomiting. If swallowed by mistake drink plenty of water and seek medical treatment.

Emergency Procedures: in case of spill or other release, take up with absorbent material (e.g. sand, sawdust, general-purpose binder). Ensure adequate ventilation. Product does not burn, fire-extinguishing activities according to surrounding.

Additional Information is listed on the Material Safety Data Sheet.

ADR2003:

not a dangerous good.

Packaging

500ml bottle with child-proof cap (10 per box)

1 litre bottle with child-proof cap (10 per box)

5 litre canister (2 per box)

Please Note: statements concerning environmental and safety issues refer to the product as delivered (concentrated).

This information should be considered to be informal and non-binding. The products must be used according to local conditions and materials. Where no previous experience is available, or in cases of doubt, test the product in an inconspicuous area. (GB11.04gps/12.02)
